PROFESSIONAL SUMMARY

Fresher Computer Science Engineering graduate seeking an entry-level role in Network Support and IT Infrastructure.

TECHNICAL SKILLS

Networking (CCNA): LAN, WAN, TCP/IP, OSI Model, IPv4 Addressing, Subnetting, VLAN, Routing, Switching, DNS, DHCP, NAT
Cisco & Network Support: Cisco Routers, Cisco Switches, Router Configuration, Switch Configuration, VLAN Configuration, Inter-VLAN Routing, Cisco Packet Tracer, LAN/WAN Troubleshooting, Network Installation, Connectivity Troubleshooting
Linux Administration: File System, Users & Groups, Permissions, Processes, Services, Package Management, SSH, Networking Commands, System Monitoring, Log Management
Shell Scripting: Bash/Shell Scripting, Variables, Conditions, Loops, Functions, File Handling, Basic Automation
Version Control: Git, GitHub, Repository Management, Branching, Merging, Pull Requests
DevOps & AWS: Jenkins, Docker, CI/CD Fundamentals, Basic Deployment, AWS Fundamentals, EC2, S3, IAM

PROJECTS & HANDS-ON PRACTICE

RHEL Linux System Administration Lab | *RHEL 10, Linux Administration* 2026

- Practiced users, groups, permissions, ACL, sudo, processes, services, package management, disk management, and job automation.
- Configured SSH, firewall rules, networking commands, system monitoring, Apache web server, and NFS file sharing.

Static Routing & Network Connectivity Lab | *Cisco Packet Tracer, IPv4, Static Routing* 2026

- Designed a multi-router network and configured IPv4 addressing with subnetting for different network segments.
- Configured static routes between routers and verified end-to-end connectivity across multiple networks.
- Used ping, traceroute, and routing-table commands to identify and troubleshoot connectivity issues.

DHCP, DNS & Network Services Lab | *Cisco Packet Tracer, DHCP, DNS* 2026

- Configured DHCP services to automatically assign IPv4 addresses, subnet masks, gateways, and DNS information to clients.
- Configured basic DNS services and tested hostname-based communication between network devices.
- Troubleshot IP assignment, gateway, DNS resolution, and client connectivity issues.

Cisco Switch Security & Port Configuration Lab | *Cisco IOS, Switch Security* 2026

- Configured Cisco switch hostname, console access, enable password, MOTD banner, and startup configuration.
- Practiced switch port configuration, MAC address-table verification, basic port security concepts.

EDUCATION

NBN Sinhgad College of Engineering, Solapur 2022 – 2026

B.E. in Computer Science & Engineering | CGPA: 9.15/10

Chh. Shahu Maharaj Sainik Vidhyalaya, Udgir 2022

Higher Secondary Certificate (HSC) | MSBSHSE | 81.60%

Manavya Vikas Vidhyalaya, Degloor 2020

Secondary School Certificate (SSC) | MSBSHSE | 91.60%

INTERNSHIP

SoftGrid Technology Pvt. Ltd. Jan 2026 – Apr 2026

Java Developer Intern

Pune, Maharashtra

- Developed, tested, debugged, and maintained application modules using Java and web technologies.
- Worked with database operations, troubleshooting, issue resolution, and Git-based version control.

TRAINING

MS Square Global 12 Jun 2025 – 30 Jun 2025

DevOps & AWS Training

- Completed practical training covering DevOps fundamentals, AWS cloud concepts, CI/CD, deployment, and related tools.

ACHIEVEMENTS & ACTIVITIES

- Winner of UGCON Project Competition at NBN Sinhgad College of Engineering.
- Published research paper on Smart Healthcare Systems in IRJMETs.
- Led a team of four members in academic projects and coordinated project presentations.
- Participated in a college-level hackathon at SKN Sinhgad College of Engineering, Pandharpur.
